

9th Annual Chris Norton “Overcoming Adversity” Event

Saturday, February 12th, 2022

On Saturday, February 12, 2022, the Chris Norton Foundation will be hosting a dinner, program, raffle and auction at the Prairie Meadows Conference Center to raise money to provide grants serving people in central Iowa. **This event will start at 5:00 PM.**

The Chris Norton Foundation is a non-profit (501(c)3) organization (EIN 46-0831711). *Our mission is to promote the long-term health, wellness and recovery of individuals with spinal cord injuries and neurological disorders by providing grants to organizations that provide opportunities that are not currently available.*

In just 7 years we have raised almost \$1,000,000 which has been used to help those with disabilities. However the need continues to grow and the grant requests exceed the money raised. We also hosted our own children’s accessible wheelchair camp last summer with 70 people attending including family members!

We need your help! Our goal is to raise over \$100,000 with the event this year!

Grants Awarded in Central Iowa
Des Moines University – Des Moines, IA
ChildServe – Johnston, IA
